COMMENTS/RECOMMENDATIONS: **See narrative on other side**

Considerable content in this report is obtained from an interview with risk or their agents/employees. Discrepancies may occur due to inaccurate information related in the interview process. The observations included in this report are not meant to imply that every loss-producing condition has been uncovered nor that we are in a position to advise as to whether compliance with the Occupational Safety and Health Act of 1970, or any similar law/code or standard, is in compliance. No statement made by us should be construed in this manner.
